Datasheet revision 1.0

Gallium Metal 99.99% Pure 500g in 3oz Jar

Product Highlights
Low Melting Point, Melts at 29.76C
4N (99.99%) Purity
RoHS 3 and REACH compliant

Specifications
Alloy:	Ga100
Melting Point:	29.76°C (85.57°F)
Density:	5.91 g/cc
Packaging:	500g in 3oz Jar

Unpacking
To remove from packaging, or dispense, warm the Gallium packaging in hot water to >30°C. The Gallium can then be poured or dispensed as a liquid due to its very low melting point of 29.76°C.
